

2 June 2020

Dear Parent / Carer,

Thank you for your patience and understanding in these strange times we find ourselves in.

I am writing to update you on Gruffalos following on from the letter you received dated 22 May from Mrs Siddall-Ward.

The specialist Early Years guidance from the government was published over the school holidays and the school's leadership team have looked at this alongside the school's guidance. As stated in the previous letter, Reception and year 6 pupils will be the first to return from the week beginning 15 June and we will review the provision weekly.

I am sorry I cannot give a more certain return date at this time but I know you appreciate that this must be a carefully thought out and reviewed return to Cavendish. Given the current guidance on social distancing, and the space available in the school, a return for Gruffalos will not be possible until these measures ease.

We will continue to support you via Tapestry and want to say a big thank you to everyone for all the lovely things you are posting. We hope to plan something over the summer so the children see each other before they leave us for their new adventure in Reception but again this is dependent on the government guidance.

I will send a PDF link to you all in July so you can download your child's Tapestry, unfortunately this year we cannot offer to print it for you. There are other options available once you have the download so you can if you wish get a copy printed and bound.

If you have any further questions please contact the school office as access to the school to collect any belongings will, as you can appreciate, need to be carefully arranged.

Thank you again for your patience and understanding.

Yours sincerely

Lynda Sidders
Pre-School Manager
